HOW TO GAIN FLESH

The life of food is the fat within it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh.

Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for all wasting diseases, coughs, colds and bronchitis for almost thirty years.

One of the inducements offered in order to substitute something else for Scott's Emulsion is the matter of cost. You save a few cents at the expense of your health. Scott's Emulsion costs more because it does more and does it better than the substitutes.

We'll send you a sample free upon request.

COUNTY OFFICIAL PAPER.

Saturday, September 17, 1904.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

PROSPECTIVE CANDIDATES.

The political arena is beginning to show signs of activity for the approaching contest at the polls in November. The Senatorial muddle is yet unsettled. The Republican convention will be held in Santa Cruz on September 20th when it is said nine delegates will be appointed to meet with the seven from this county and decide upon a candidate. It is to be hoped for harmony's sake and for the success of the party that Assemblyman Brown will be selected as the standard bearer. His nomination would mean his election. The Republican primaries in this county will take place next Saturday and the Convention on October 1. Not much interest is being manifested in the primaries in view of the fact that there will not be many contests in the convention.

So far o nly R. H. Jury and H. W. Brown are aspiring for the Assembly. Should the latter secure the Senatorial nomination Jury would have a clear field.

There will be a spirited contest for Supervisor in the First Township. Julius Eikerenkotter, the incumbent, will seek a re-nomination. In the convention he will be opposed by Ben Green of Colma. The Democratic nominee will be James T. Casey of Colma, who ran for the Assembly in 1902.

The Republican standard bearer for Supervisor of the Third Township will be John MacBain, the well-known contractor and builder, of Menlo Park. He will have no opponent in the convention. It is said the Democratic party will make no nomination. It is pretty well conceded that P. H. McEvoy will make a run for the office as an independent candidate, though he has not as yet made this fact known. Should the two Menloites be pitted against each other a vigorous campaign may be looked for in the Third Township. Debenedetti will lead the Democratic hosts or Supervisor in the Fourth Township. Antone Joseph or Horace Nelson of Purissima will be the Republican nominee in the Fifth. The contest in that township promises to be a warm one.

Bishop Potter will probably be moved to protest when some enthusiastic expert in beverages undertakes to name a drink after him.

Roosevelt is imperious, Parker is chilly and Fairbanks imperturbable, but everybody agrees that Grandpa Davis is a warm number.

The aged Democratic candidate for Vice-President has adopted a novel plan to catch the German vote. Despite his 81 years he led the German at a White Sulphur Springs hop. There ought to be no further question of the old gentleman's fitness for the Vice-Presidency.

The Czar gets $40,000,000 a year, but can't go behind the prescription case at the drug store or watch the street paving force lay brick. Being Czar isn't much of a job.

For Rent.

Ten thousand-acre ranch five miles north of King City, Monterey county, California. Three thousand acres farming, balance grazing land. One thousand acres can be irrigated from Spreckels Sugar Company's canal. Railroad running through the ranch with station and loading switch on the ranch. Entire ranch watered by numerous springs and two wells, windmills and tanks. Good 11-room ranch house, large barn, outbuildings, graneries and machinery sheds; one standard stock scale, corrals etc. Fenced off into ten fields. Will lease for a term of years to responsible parties for cash rent at $1 per acre, the lessee to pay the taxes. Possession can be given October 1, 1904. For further information apply to L. Coburn, Pescadero Cal., or L. B. Ulrey, King City, Cal.

Registration of voters will close on September 28th. From now on, County Clerk Schaberg will keep his office open every Friday evening from 7 until 8 o'clock for the accommodation of all those who are unable to register during the daytime.

Critics are misanthropic persons who have a penchant for throwing stones.

COUNNY COMMITTEE MEET.

The Republicans Met Thursday Afternoon in Redwood.

The Republican County Committee met in the office of Geo. C. Ross Thursday afternoon. Chairman W. H. Lawrence, secretary John MacBain, Geo. C. Ross, John Connolly and John Gonzales as alternates from Halfmoon Bay were present. The work of the day consisted of appointing officers and places for the primaries.

The question arose as to which of the two sets of officers from the Fourth township should be recognized, as the Roosevelt and Fairbanks Republican Club of Halfmoon Bay had a set.

It was finally agreed that those appointed by the Republican Club should prevail and it was so ordered.

The number of delegates from each district was then apportioned, the representation being based on the number of votes cast for the lieutenant-governor at the last election. The number of delegates will be 75.

E. A. Hayes, nominee for Congress from the Fifth District, was present and he, with the committee, discussed campaign plans.

The meeting then adjourned and all present left, confident of victory for the Republican pory in San Mateo county.

Electric Road Coming.

A rumor from Palo Alto is to the effect that an electric road from Palo Alto will be built to San Jose by way of Sunnyvale and thence through Cupertino direct to that city. It is stated that promoters are working very quietly on the project, as they desire to secure the complete right of way before making their plans known. W. F. Hanrahan is one of the promoters of the proposed line, but it is not stated what capital he represents. Should the road be built to the latter town it would no doubt be continued through this county to San Francisco.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

A Few Changes in Court House Plans—New Bridge for the Fourth Township.

The Board of Supervisors met in adjourned session Monday last, all members being present.

R. Martinez, an indigent person of the Second township, petitioned the Board for aid. Chairman Coleman explained that the applicant had a wife and three children and was sick and without means of support. He was destitute and dependent upon the charity of neighbors for an existence. On motion of McEvoy seconded by Debenedetti, the sum of $15 was appropriated for applicant's present necessities.

McEvoy said that the bids that were opened at the last meeting for a concrete bridge over Dry creek, near Dalve's hotel, Woodside, were excessive and he thought it could be constructed for less than $1315, the lowest bid offered. On his motion, seconded by McCracken, the Clerk was instructed to readvertise for for bids. Same to be opened October 3.

D. E. Brown communicated with the Board explaining that he was prepared to enter into a contract with the Board to begin the erection of the two bridges in the Second township, the contracts having been awarded to him at the last meeting.

The records of the special election held at Menlo Park on August 13th to raise $1500 to repair the school buildings and to supply additional school facilities, were presented to the Board. The poll list showed that there were 27 votes cast, 25 of which were in favor of the bond issue and 2 against it. The affidavit of publication of D. E. O'Keefe was read, showing that due and legal notice of election was given the electors of the district. On motion of McEvoy seconded by Eikerenkotter, the matter was referred to the Auditor for his guidance in making up the tax levy for the fiscal year.

The records of a special school election held at Belmont on August 13th to raise $1500 for additional school facilities and to maintain the school were also presented. The poll list showed that 54 votes were cast, 35 of which were in favor and 19 against the issuance of bonds. On motion of McCracken seconded by Debenedetti, the matter was referred to the Auditor.

A communication was read from Geo. C. Ross, president of the board of high school trustees, setting forth that the sum of $7000 would be needed during the next fiscal year to maintain the high school and beautify the grounds. On motion of McEvoy, seconded by McCracken, the communication was referred to the Auditor for his information in making up the tax levy.

Certificates were received from the Tax Collector showing that the following property had been doubly assessed and through such erroneous assessment sold to the State:

Lot 4, in block 2; lot 2, in block 29; lots 2, 3, 4, 7 and 8, block --; lot 7, in block 196; lots 3, 4, 7 and 8, block 21; all of block 210, all in the Abbey Homestead. East one-half of lot 18, block 102, South San Francisco; north 50 feet of lot 6 in block 1, Halfmoon Bay; lot 11 in block B, San Mateo, and lot 1 in block 9 at Baden.

On motion of McEvoy the double assessment were ordered cancelled.

County Surveyor Gilbert presented plans and specifications for a concrete bridge over a creek near the Hovious place in the Fourth township. The estimated cost of construction was placed at $4500. McEvoy thought the specifications called for more concrete than was really needed. The surveyor and Debenedetti argued that it was necessary to put in that amount of concrete to build a substantial bridge. After much discussion the plans were accepted on motion of Debenedetti seconed by McCracken, and the Clerk authorized to advertise for bids, same to be opened on the 3d of October.

Afternoon Session.

The Board met at 1:30 p. m. pursuant to adjournment during the morning session.

The matter of further changes in the Courthouse plans came up for discussion.

Chairman Coleman wanted to know the conditions of the Courthouse fund before further changes were made. From the Auditor it was learned that the sum of $129,000 had already been collected in taxes and of this sum $88,000 had been disbursed, leaving a balance on hand of $41,000. The total amount of the contract, including the various changes made from time to time is $196,400. The Auditor estimated that 30 cents on the $100 should be placed in the tax levy for the Courthouse fund.

Following is the estimate of the American-Hawaiian Construction Company for proposed changes:

To the Supervisors of San Mateo county—Gentlemen: We herewith hand you our revised figures for certain extra work asked for on San Mateo court house at Redwood City, Cal. By omitting certain work and also having obtained some lower figures, we are able, in some cases, to somewhat reduce our prices.

1st. We will furnish all material and add the additional story to that portion of building over Recorder's office for the sum of six thousand three hundred dollars ($6,300). The above estimate comprises the following work: stone work, brick backing, concrete floor, fireproof floor and finish, plastering and furring, iron work, mill work, glass, painting, gas fitting and electric wiring.

2d. We will substitute copper for dome, instead of galvanized iron, for the sum of four thousand dollars ($4,000).

3d. We will substitute granite steps and tile platform at west entrance, instead of cement, as specified, for the sum of two thousand and eighty-three dollars ($2,083), or we will use Gilletti artificial granite, for the sum of one thousand one hundred and fifty dollars ($1,150).

4th. We will substitute Alpine plaster instead of ordinary plaster, for the entire building, for the additional sum of two thousand dollars ($2,000), or we will use Alpine plaster for the first and second floors only, for the additional sum of one thousand five hundred dollars ($1,500), or we will use wood pulp plaster for the first and second floors only, for the additional sum of one thousand six hundred and fifty dollars ($1,650).

5th. We will copper plate the main stairs and grille to elevator, for the sum of one thousand dollars ($1,000).

6th. We will furnish and put up the metal finish in first and second floors only, including all doors, finish for same; windows, finish for same; and base mouldings, for the sum of eight thousand dollars ($8,000).

7th. We will furnish the additional height of two (2) feet of marble wainscoting on first floor of building, omitting the moulded cap and using a plain plinth, for the sum of one thousand nine hundred and sixteen dollars ($1,916).

8th. We will furnish Scagliola wainscoting in Recorder's office, County Clerk's office, Court room, Supervisors' room and second floor corridor, as follows:

5' high for the sum of $7,959.50;
3' high for the sum of $4,921.00;
or we will do the same work with the Gilletti marble, as follows:
5' high for the sum of $5,438.00;
3' high for the sum of $3,212.00.

The Board considered each item separately.

Proposition No. 1 was rejected some weeks ago and the action taken at that time was not rescinded.

Proposition No. 2, to substitute copper for dome instead of galvanized iron for $4000 was accepted on motion of McCracken seconded by Debenedetti.

Proposition No. 3, to substitute granite steps and tile platforms at the west entrance, instead of cement, for $2083 or Gilletti artificial granite for $1150. The latter proposition was accepted on motion of McEvoy seconded by McCracken.

Proposition No. 4, to substitute Alpine plaster for ordinary plaster for $2000 was deferred.

Proposition No. 5, to copper plate the main stairs and grille to elevator for $1000 was deferred.

Proposition No. 6, to use metal finish on first and second floors for $8000. On motion of McEvoy seconded by Eikerenkotter, oak finish was selected instead of metal finish.

Proposition No. 7, to furnish additional height of two feet of marble wainscoting on first and second floor for $1916 was accepted on motion of McCracken seconded by Debenedetti.

Proposition No. 8 was temporarily laid over.

No further business appearing, the Board adjourned to Monday, Sept. 19th.

Crandall. The parlor was tastefully decorated with five-leaved ferns and Duchess roses. The bride was dressed in white novelty silk, made en train, and the bodice trimmed with fine lace. She carried a bouquet of white carnations and asparagus ferns. The bridal couple entered the parlor to Lohengrin's wedding march, played by Miss Chandler. The ceremony was performed by Rev. H. Shearer. After receiving the congratulations of their many friends the guests were invited to partake of a fine collation which was served amid flowers and ferns in a rustic lover garden. About fifty guests were present. The presents were on exhibition in the dining-room and were many, showing the respect the couple were held in. After partaking of refreshments Mr. and Mrs. Crandall prepared to leave on a quiet honeymoon. The bride's traveling gown was of mauve-colored broadcloth, tailor made. You may find honesty among thieves, truth among liars, virtue among harlots, and wisdom among fools, but you'll never find a spark of manhood, womanhood or principle in a meddler. One day last week while driving from Mayfield Daniel Regan met with a very serious accident. He had been smoking a pipe and carelessly placed it in his pocket and when near the Partridge place discovered his clothing to be on fire. Father Mulligan of St. Ignatius church of San Francisco will conduct a mission in the Catholic church, commencing to-morrow (Sunday.) The purpose of the mission is to organize sodalities. There will be services in the afternoon at 4 o'clock for the children. Mass will be celebrated every morning during the week at 6 o'clock and 7:30. In the evening at 7:30 rosary, benediction and sermon will compose the services. The mission will close on next Sunday evening.

Last Sunday afternoon at 2 o'clock Thomas A. Wilson and Miss Margaret Roach were united in marriage by Father Lyons in the Church of the Nativity. Long before that hour the edifice was filled with friends of the bride and groom. The altar was prettily decorated with white carnations and bride roses. Promptly at 2 o'clock the bridal party entered the church to the strains of the wedding march, rendered by Miss Fannie Hunsmann, and took their position at the altar, where the impressive ceremony was performed. J. E. Maloney acted as best man while Miss Rena Roach attended the bride. After the ceremony the party was driven to the home of the bride, where the wedding breakfast was served to about forty guests. A late train was taken at Redwood City where the couple took the overland train for Santa Cruz. Mr. and Mrs. Wilson are expected home to-day and will make their home at Redwood City. The bride spent her life from the cradle among her friends in Menlo Park. She is loved and respected by all for her sweet and happy disposition and is popular with a wide circle of acquaintances. Mr. Wilson is a young man of sterling worth, well known in business circles and well liked by all who know him. The young couple were the recipients of numerous wedding gifts, which they will carry with them to their new home, together with the best wishes of a large number of friends for their future welfare.

The recent fair has had a real pretty romance and the fact became known this week causing genuine surprise. Two parties who had not known each other before were brought together by the bazaar. When the fair was inaugurated and the ladies went out to solicit donations, Miss Kinney, Father Lyons' housekeeper, hearing of the generosity of Matthew Crowe sallied forth and with a mutual friend approached the well-known farmer for a donation. The young ladies were well entertained and both given valuable articles. It was plainly a case of love at first sight. The young lady and Mr. Crowe sought each others company frequently, and as a result they are to be married on October 5 to live happily ever after. The young lady has resigned her position and has gone to San Francisco to prepare for the happy event. Miss Kinney who has resided here for the past two years is an estimable woman possessed of many graces of mind and heart which have endeared her to a large circle of friends. The groom-to-be, Matthew Crowe, is one of the first citizens of San Mateo County. He is a retired farmer of large means and a breeder of fast horses. His big ranch at Ravenswood is the best in Santa Clara Valley. Mr. Crowe is known far and wide for his liberality and has always given generously to the church. His popularity has been attested on many occasions. Mr. Crowe is ex-State Treasurer of the Hibernians. He will go to New York for the honeymoon and from there may sail for Ireland to once again view the scenes of his boyhood.

The Bond Election.

The people of Redwood City have proved conclusively by their action on Wednesday that they heartily endorse the action of the Board of Trustees in regard to improving the town. The bond election which was held that day brought out 326 voters who registered their opinion regarding the bonds. There were 300 of that number who expressed themselves in favor of bonding the town for $35,000 to install a new system of water mains, while 17 were against the proposition. Two hundred and forty-seven voters against 73 declared themselves in favor of issuing $65,000 for improving the streets. In the evening a grand jubilation was held. The band was out, bonfires were lighted and anvils were fired. The large majority which each proposition received shows that the people of Redwood have the best interests of the town at heart.

I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.

SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXL.

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date, the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state of California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.

Sec. 11. This act may be known and cited as the "San Francisco Seawall Act."

Sec. 12. All acts and parts of acts in conflict with the provision of this act are hereby repealed.

WHERE TO SPEND VACATION.
Hints Given in Free Book Published by the California Northwestern Railway.

Of course you are going to have a period of rest this year, but, do not decide as to where you will pass this season until after you have read "Vacation 1904." This is a book issued annually by the California Northwestern Railway Company, which gives information regarding the many rest and pleasure resorts to be found on that road. These resorts are numerous enough and varied enough to supply thousands of people with whatever may be needed in the way of relaxation and recreation, and at prices which may suit every one's pocket.

To begin with, there is no prettier part of California than that through which winds the California Northwestern Railway. This is, in itself, a pleasure, and this is enhanced by the splendid equipment of the road and the ceaseless watchfulness, care and unfailing courtesy of the employees.

Aside from the attractive features of the road, the country traversed by it is richly endowed with mineral springs, which restore health and vigor to the ailing; woods and copses in which game abounds, running water and lakes in which swimming and boating may be indulged, and streams from which the trout may be drawn in all its beauty. While enjoying these, people may live in tents, farm houses, or hotels, just as inclination suggests.

Information on all these features is found in "Vacation 1904," which contains over 150 pages, and which is richly illustrated. The cost of maintenance at each place is also given from $7.00 per week upward.

"Vacation 1904" may be had at the offices of the California Northwestern Railway, or by mail, in response to a request addressed to the General Passenger Agent, San Francisco.
